Mr. Pat Casey  
Pike Corporation  
P.O. Box 765  
Windermere, FL 34786

Dear Mr. <sup>PAT</sup> Casey:

It is my pleasure to convey our positive feelings toward Pike Corporation and its efforts on behalf of our Sam Snead's Tavern here in Pearl Harbor. Since our opening in September of 2001, we have enjoyed a close and mutually beneficial relationship that has produced a remarkable dining establishment for our military customers. You can rightfully share in our pride at having one of the most unique and successful restaurants in all the military and we have become the envy of others. It's a nice feeling to see our shared vision become reality and then go on to exceed initial expectations.

You might agree that we endured our share of challenges, especially at the beginning and in light of events in our country at the specific time we opened. Pike Corporation maintained a "can do" spirit and strived to help us work through any and all obstacles. Your key staff members became, and still are, part of our team – dedicated to high standards of quality. I'll bet they have developed a different perspective on our military by visiting and working in this environment. We still look forward to your scheduled visits and know that every time we emerge a better operation through your efforts.

In closing, I continue to recommend Pike Corporation and the Sam Snead's Tavern license concept to other military installations. Understand the formula remains a bit unique and our bureaucracy has always been slow to turn in new directions. I firmly believe you will see continued interest from our segment. Our Tavern has fed senior military leaders and even members of Congress as they have visited Hawaii. Each time we've received the highest of compliments on their dining experience. Our reputation continues to grow. We appreciate all you do to help us achieve.

Warmest regards,
